

Webinar: COVID-19 Stole the Holidays?

November 23, 2020

By: Martin C. Cabalar, Rosa M. de la Camara, Kenneth S. Direktor, David L. Dockery

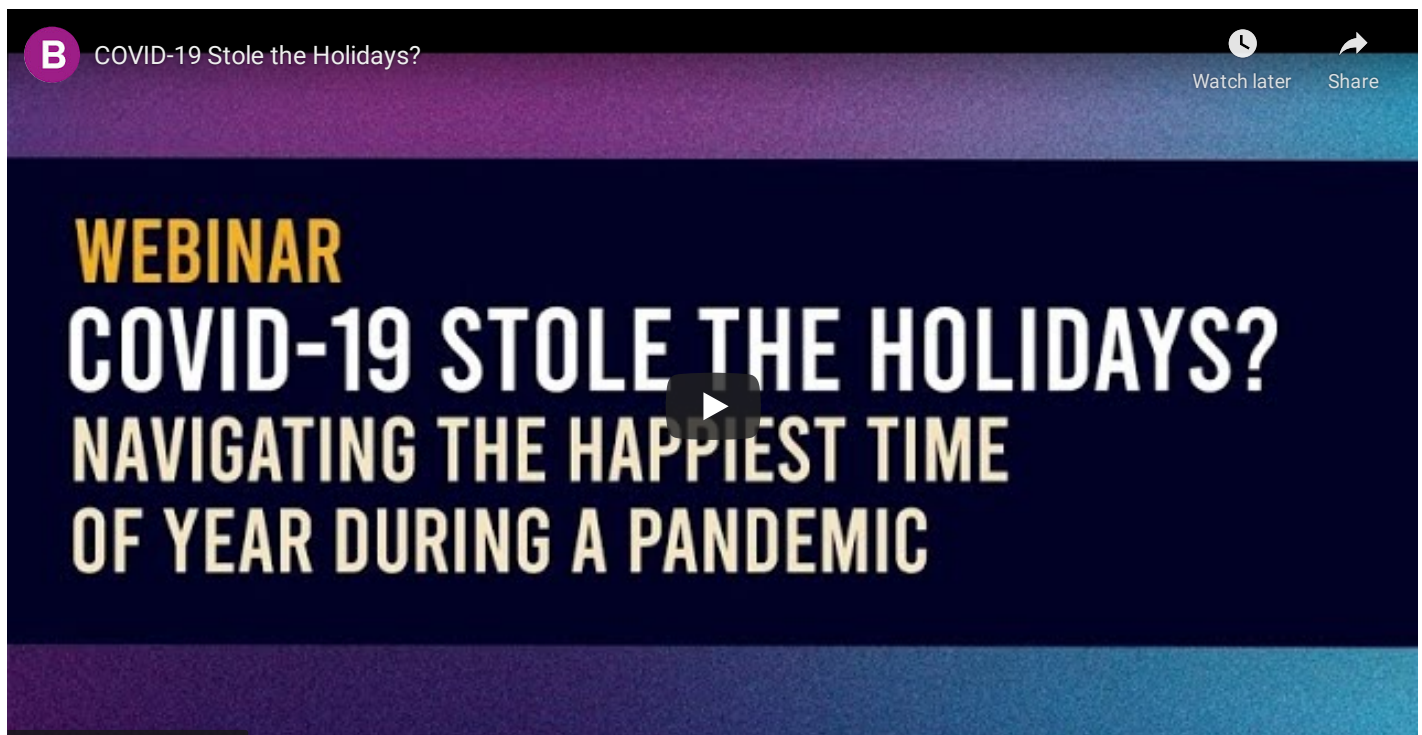

The holidays are a time for celebration and cheer, but, just like everything else, they'll look a little bit different this year. Join members of our Community Association Practice for a discussion on how boards and managers can safely navigate this holiday season in the midst of a pandemic.

Questions include:

- Should an association hold an all-resident holiday party this year?
- What restrictions should apply to owners holding gatherings in their units or in common elements?
- When can quarantine requirements be imposed?
- Who should be permitted to use the common amenities?
- How should boards balance COVID-19 fatigue and continue appropriate restrictions?

Watch the replay below!
